How we measure:

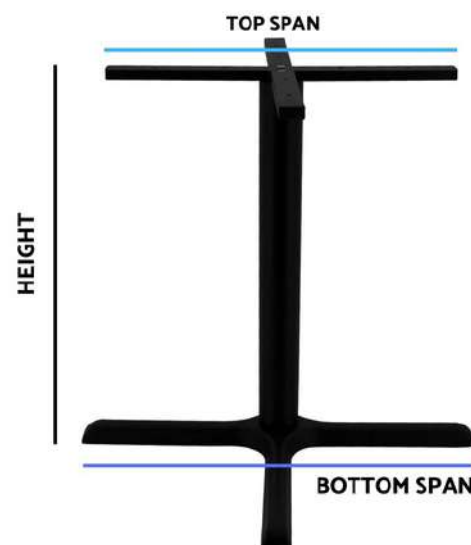

Height = distance from the floor to the highest part of the chair/stool

Depth = distance between the front and the back legs

Width = distance between the two front legs

Floor to seat = distance from the floor to the seat

Arm Height = distance from the floor to the highest point of the arm.

Height = distance from the floor to the highest part of the base

Top Span = distance between the outer edges of the table attachment

Bottom Span = distance between the feet

ICON GUIDE

Furniture certified by Australasian Furnishing Research & Development Institute (AFRDI)

Table bases with FLAT technology - hydraulic technology, which prevents tables from wobbling on uneven surfaces.

This item has been in-house tested by impact testing with 130kg over 1000 times.

SUPER STRONG!
We lowered a Holden Colorado on these chairs and they survived unscathed!

Lightweight (under 4kg)

Requires assembly

Water resistant fabric

Polyurethane leather cushion - our PU leather is as close to real leather as possible.

Stainless Steel

No predrilled holes included

Stackable

UV Stabilizer is used in the making of the product. This slows the process of fading caused by UV rays.

Timber from responsible sources monitored by The Programme for the Endorsement of Forest Certification (PEFC)

Timber from responsible sources monitored by Forest Stewardship Council (FSC)

Isotop table tops that are strengthened with an extra layer of tough resin coating for protection. Enhanced substrate built for long-lasting outdoor usage.

Polypropylene reinforced with Fiberglass

Table base available in black or white

Table base available in black or silver

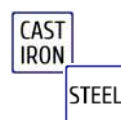

Suitable indoor but can also be used outdoor undercover/away from the elements

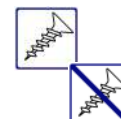

Static Seat load tested in house using bags of salt. Tested to 150kg or 250kg

Finish of item

So thrilled with the Isotop tables we received. The design and build quality is exceptional. I couldn't think of anything more perfect in the space. I would definitely recommend Café Solutions to anyone fitting out their café. – Melyssa M.

“ Very, very happy with Cafe Solutions. I have a 115 seat cafe in Brisbane. When we renovated we used Cafe Solutions for the entire furniture fitout. Cafe Solutions has been terrific getting quotes back to us quickly and the follow up is excellent. Since then we have had to make a warranty repair which they handled with professionalism honouring all aspects. We couldn't be happier and their product looks amazing and is super comfortable for our customers. Thank you! - Sonja S. ”
